## Company **PROFILE**

CorePac is a sharjah based ISO 9001:2008 Certified company in the business of manufacturing and marketing of Aviation , Hospitality and Food packing products. CorePac is recognized as a company with passion & dedication for innovation, technology and customer satisfaction.

CorePac understands client's specific needs and customize the product according to clients taste and preferences, With the latest customization technology in all products . We continually strive to bring the very best to our customer.

CorePac is a part of Coremetal group . Our success was mainly by the difference that we brought in our each product style. Our dedicated team of creative designers and experienced work force turned our dreams in to reality within stipulated time. CorePac balances social responsibilities with commercial success and environmental protection.

We have well organized facilities and a trained team of highly professional and knowledgeable employees focused on our growing regional and international operations. We also enjoy abundant financial support to expand our business and

establish new projects together with our valued partners. Along with our international marketing experience and strong R&D Team, we offer integrated support for our clients in manufacturing and outsourcing. Furthermore, we provide cost effective service, prompt responses to inquiries, consolidation solutions and offer the most competitive prices, with a focus on uncompromised quality.

We are pleased to offer you our high quality products with competitive pricing and commitment to excellent customer service.

Our goal is clear. We want to partner with you to provide cost savings, supports and a partnership that will assist both our organizations to excel in our business objectives and with you as leaders in the market.

We regard innovation as a driving force to constantly provide product solution for the present and future need of the industry.

## OUR VISION

We endeavour to be recognized as one of the leading and constantly growing force in the aviation, hospitality and food packaging industry of the region, to be admired for our business culture, for food packaging value for our customers and bringing inspiration to our people.

## OUR MISSION

Our Mission is to produce more and with greater sustainability, while giving shapes to our innovative ideas and thus to present eco friendly products to the society

## QUALITY POLICY

Corepac committed to total customer satisfaction, and compliance with regulatory bodies at all times, at maximum effectiveness and minimal cost.

Every employee is charged with the responsibility to meet customer requirements and continually improve the quality in keeping with our objectives.

We at CorePac are committed to achieve customer delight by performing each task defect free first time, every time and on time through Team Work and continual Improvement in each and every process of the Organization.

Achieving customer satisfaction by providing quality products and services in compliance with or exceeding our customer expectations

Devise measurement that validates how well we are meeting customer requirements and our quality objectives.

Maintain our business in a competitive and profitable state.

Paper Kraft take-out food containers are made from 100% recycled cardboard paper using 35% or more post-consumer recycled paper. These biodegradable take out boxes are processed chlorine free. They reduce the amount of packaging you use because they can hold any type of food from hot, cold, wet, or dry food products and are microwaveable due to a special grease resistant inner coating.

100 % Recycled

Branding Your Name with our kraft Bags

The logo for 'touch n feel' is enclosed in a white oval with a purple border. The word 'touch' is on the top line, 'n' is a small orange circle with a white 'n' inside, and 'feel' is on the bottom line. The background of the advertisement features a roll of white paper tissue with a purple vertical stripe and a sprig of green leaves with purple flowers at the bottom.

Latex Gloves are a type of disposable medical glove, made 100% out of latex and used for a range of domestic and industrial tasks. Latex gloves are available in un-powdered or powdered materials. They are extremely durable and a great barrier against most chemical solutions.

# Nitrile Gloves

Nitrile Gloves are the perfect compromise between latex and vinyl. Nitrile is made from an allergy safe compound that feels a lot like latex but it's much stronger, costs less, and is more comfortable to wear.
